Freedom Ring tour

Fall 2012/Spring 2013

The freedom ring tour is a product of hard work and dedication of Freedom Ring, an alliance of Christians against human trafficking. Sara Johnson, a Christian Musician, is honored to represent the coalition through her music. She will be making stops at numerous college campuses and towns across the state to raise awareness, prayer and money for this very real issue.

The Freedom Ring Tour aims to teach Texas students and music-lovers across our state how this issue affects our neighbors. The victims of trafficking in Texas are often recruited from vulnerable situations. Pimps befriend runaway children, usually girls, and they are told they are loved and beautiful, only to be entrapped and threatened into prostitution and addiction. Young, inexperienced, girls are recruited for prostitution by young men whose sole purpose is to seduce them away from their group of friends and pass them off to a trafficker. Traffickers along the border target Young US Citizens whose parents have been deported.
