

CITY OF COMMERCE - PUBLIC NOTICE

The City of Commerce is being proactive in our attempt to manage mosquito populations, so they do not present a significant risk to our community. We will be implementing our Mosquito Management Plan beginning May 8, 2017, by applying insecticide using a truck-mounted fogger.

The fogging unit's output is calibrated to ensure the correct amount of product is applied for each treatment area. All products are registered with the Environmental Protection Agency (EPA) and are applied by a trained and state-certified technician.

The spraying is more effective if it takes place during peak mosquito biting hours. Spraying will begin at 7:00 p.m., weather permitting, and will continue in each area until it is completed. In the event of rain, the spraying will resume on the next scheduled day in your area. Spraying will continue every two weeks in the same order through September or as long as may be needed to control the adult mosquito population.

SECTION A – MONDAY										
May 8	May 22	June 5	June 19	July 3	July 17	July 31	Aug. 14	Aug. 28	Sept. 11	Sept. 25
Borders the north side of Live Oak and the west side of Park Street

Borders the north side of Maple and the east side of Park										

******Note: Section B will NOT be sprayed on July 4, 2017.**

THIS PRODUCT IS EXTREMELY TOXIC TO FISH. FISHPONDS SHOULD BE COVERED WHEN SPRAYING IS SCHEDULED IN OR NEAR YOUR AREA.

The chemicals are of low toxicity to people and pets, but they are pesticides and direct contact should be avoided. Be sure to bring in pet bowls prior to spraying. Please stay indoors when the truck is in your area. The chemicals will not be sprayed if the driver sees residents outside.

Questions or comments should be addressed to the Public Works Department at 903-886-1152.
